## TITLE 7—AGRICULTURE

### Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

#### PART 904—MILK IN THE GREATER BOSTON, MASS., MARKETING AREA

##### AMENDMENT TO ORDER REGULATING HANDLING OF MILK

§ 904.0 Findings and determinations—(a) Findings upon the basis of

the hearing record. Pursuant to Public Act No. 10, 73d Congress (May 12, 1933) as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 11 F. R. 7737, 12 F. R. 1159) public hearings were held upon certain proposed amendments to the tentative approved marketing agreement and to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearings and the record thereof, it is found that:

(1) The said order as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary, in the public interest, to make this amendment effective by not later than April 1, 1948. Any delay beyond April 1, 1948 in the effective date of this amendment will seriously threaten the orderly marketing of milk in the Greater Boston Massachusetts, marketing area for April and succeeding months. The nature and provisions of the amendment are well known to the handlers in the market, since the hearing was held in October 1947, the recommended decision was published in the FEDERAL REGISTER on March 2, 1948, and the final decision was executed by the Secretary on March 18, 1948 (13 F. R. 1520 and correction 13 F. R. 1587) which final decision sets forth the need for the amendment. Compliance with the amendatory order will not require any preparation on the part of handlers which cannot be completed by April 1, 1948. It is hereby found and determined, in view of these facts and circumstances, that good cause exists for making this amendment effective April 1, 1948; and that it would be contrary to the public interest to delay the effective date of the amendment to a date later than April 1, 1948.

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended and as hereby further amended) of more than 50 percent of the volume of milk covered by this order, as amended and as hereby further amended, which is marketed within the Greater Boston, Massachusetts, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order further amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (September 1947) were engaged in the production of milk for sale in the said marketing area.

*Order relative to handling.* It is therefore ordered that on and after the effective date hereof, the handling of milk in the Greater Boston, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. In § 904.7 renumber paragraph (a)
- (2) and paragraphs (a) (2) (i) and (a)

(2) (ii) as paragraph (g) paragraph (g) (1) and (g) (2) respectively, and insert as paragraph headnote "(g) Allocation of Class I milk to plants."

2. Delete § 904.7 (a) (1) and substitute therefor the following:

(a) *Class I prices.* (1) For Class I milk received from producers, each pool handler shall pay, in the manner set forth in § 904.9 and subject to the differentials applicable pursuant to paragraph (c) of this section, not less than the price per hundredweight determined for each month pursuant to this paragraph. In determining the Class I price for each month the latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations, except that if the 25th day of the preceding month fall on a Sunday, or legal holiday, the latest figures available on the next succeeding work day shall be used:

(1) Divide by 0.98 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the year 1926 as the base period.

(2) Divide by 3 the sum of the three latest monthly indexes of department store sales in the Boston Federal Reserve District adjusted for seasonal variations, as reported by the Federal Reserve System, with the years 1935-39 as the base period, and divide the result so obtained by 1.26.

(3) Compute an index of grain-labor costs in the Boston milkshed in the following manner:

(i) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed, as reported by the United States Department of Agriculture, divide by 0.5044, and multiply by 0.6.

(ii) Compute the weighted average of the monthly composite farm wage rates for the latest available month for Maine, Massachusetts, New Hampshire, and Vermont, as reported by the United States Department of Agriculture; divide by 0.5952, and multiply by 0.4. In computing the weighted average, weight the respective rates as follows: Maine, 10; Massachusetts, 6; New Hampshire, 7, and Vermont, 77.

(iii) Add the results determined pursuant to subdivisions (i) and (ii) of this subparagraph.

(4) Divide by 3 the sum of the final results computed pursuant to the preceding subparagraphs of this paragraph. Express the result as a whole number by dropping fractions of less than one-half or by raising fractions of one-half or more to the next whole number. The result shall be known as the formula index.

(5) Subject to the succeeding subparagraphs of this paragraph, the Class I price per hundredweight for milk received from producers at plants located in the 201-210-mile zone shall be as shown in the following table.

CLASS I PRICE SCHEDULE

If the formula index is more than 194 the price shall be increased at the same rate as would result from further extension of this table at the rate of extension in the six highest index brackets.

(6) For any month after December 1948, the Class I price shall be 44 cents more than the price prescribed in subparagraph (5) of this paragraph if less than 33 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding month was Class II milk, except that if the operation of this subparagraph would cause the Class I price to be more than 88 cents above the Class I price for the same month of the preceding year, its application shall be limited to only such portion of the 44-cent increase as will result in a Class I price equal to the Class I price for the same month of the preceding year plus 88 cents.

(7) For any month after December 1948, the Class I price shall be 44 cents less than the price prescribed in subparagraph (5) of this paragraph if more than 41 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding month was Class II milk, except that if the operation of this subparagraph would cause the Class I price to be more than 88 cents below the Class I price for the same month of the preceding year, its application shall be limited to only such portion of the 44-cent reduction as will result in a Class I price equal to the Class I price for the same month of the preceding year minus 88 cents.

(8) Notwithstanding the provisions of the preceding subparagraphs of this paragraph, the Class I price for any of the months of March through June of each year shall not be higher than the Class I price for the immediately preceding month, and the Class I price for any of the months of September through December of each year shall not be lower than the Class I price for the immediately preceding month.

3. In § 904.7 delete subparagraph (1) of paragraph (f), and substitute therefor the following:

(1) He shall announce the Class I price for each month on the 25th day of the preceding month, except that if such 25th day is a Sunday or legal holiday, he shall announce the Class I price on the next succeeding work day.

#### PART 927—MILK IN THE NEW YORK METROPOLITAN MARKETING AREA

##### ORDER AMENDING ORDER, AS AMENDED, REGULATING HANDLING OF MILK

§ 927.0 *Findings and determinations.*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933) as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act") and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 12 F. R. 1159, 4904) a public hearing was held upon certain proposed amendments to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area; and the decision (13 F. R. 1525) was made with respect to amendments by the Secretary on March 18, 1948. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a mar-

keting agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions, and to insure the production of an adequate supply of milk by giving producers assurance of the minimum prices herein provided. Any delay beyond April 1, 1948, in the effective date of this order, as amended, and as hereby further amended, will seriously threaten the supply of milk for the New York metropolitan milk marketing area and will disrupt orderly marketing. The changes effected by this order, amending the order, as amended, do not require substantial or extensive preparation by persons affected prior to the effective date. The time intervening between the date of issuance of this order and its effective date affords persons affected a reasonable time to prepare for its effective date. In view of the foregoing, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication (Sec. 4 (c) Administrative Procedure Act, Pub. Law 404, 79th Cong., 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended, and as hereby further amended, which is marketed within the New York metropolitan milk marketing area, refused or failed to sign the marketing agreement regulating the handling of milk in the said marketing area which was heretofore approved (13 F. R. 1525) by the Secretary of Agriculture; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this amended order, further amending the said order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers who, during December 1947 (said month having been determined to be a representative period) were engaged in the production of milk for sale in the said marketing area.

*Order relative to handling.* It is therefore ordered that on and after the first day of April 1948, the han-

dling of milk in the New York metropolitan milk marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

Amend § 927.5 (a) (1) (ii) to read as follows:

(ii) The Class I-A price shall not be less than \$5.46 per hundredweight for the month of April 1948, \$5.02 per hundredweight for each of the months of May and June 1948, and \$5.46 per hundredweight for the month of July 1948.

(48 Stat. 31, 670, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq., sec. 102, Reorg. Plan 1 of 1947, 12 F. R. 4534)

Issued at Washington, D. C. this 25th day of March 1948, to be effective on and after the 1st day of April 1948.

[SEAL] CLINTON P. ANDERSON,  
Secretary of Agriculture.

#### PART 934—MILK IN THE LOWELL-LAWRENCE, MASS., MARKETING AREA

##### AMENDMENT TO ORDER REGULATING HANDLING OF MILK -

§ 934.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933) as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act") and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 11 F. R. 7737, 12 F. R. 1159, 4904) public hearings were held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearings and the record thereof, it is found that:

(1) The said order as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary, in the public interest, to make this amendment effective by not later than April 1, 1948. Any delay beyond April 1, 1948 in the effective date of this amendment will seriously threaten the orderly marketing of milk in the Lowell-Lawrence, Massachusetts, marketing area for April and succeeding months. The nature and provisions of the amendment are well known to the handlers in the market, since the hearing was held in October 1947, the recommended decision was published in the FEDERAL REGISTER on March 2, 1948, and the final decision was executed by the Secretary on March 18, 1948 (13 F. R. 1527 and correction 13 F. R. 1588), which final decision sets forth the need for the amendment. Compliance with the amendatory order will not require any preparation on the part of handlers which cannot be completed by April 1, 1948. It is hereby found and determined, in view of these facts and circumstances, that good cause exists for making this amendment effective April 1, 1948; and that it would be contrary to the public interest to delay the effective date of the amendment to a date later than April 1, 1948.

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended and as hereby further amended) of more than 50 percent of the volume of milk covered by this order, as amended and as hereby further amended, which is marketed within the Lowell-Lawrence, Massachusetts, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order further amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the deter-

mined representative period (September 1947) were engaged in the production of milk for sale in the said marketing area.

**Order relative to handling.** It is therefore ordered that on and after the effective date hereof, the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. In § 934.3 (a) add a new subparagraph to read as follows:

(13) The term "Boston order" means the order, as amended, issued by the Secretary, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area.

2. In § 934.6 renumber paragraphs (b) (c) and (d) as paragraphs (d) (e) and (f), respectively. In § 934.6 (d) (2) (i) and (ii), as renumbered, substitute the paragraph reference "(e)" for "(c)." In paragraph (e), as renumbered, substitute the paragraph reference "(d)" for "(b)".

3. Delete § 934.6 (a) and substitute therefor the following:

(a) **Class I price; city plants.** Each handler shall pay producers, at the time and in the manner set forth in § 934.10, for Class I milk delivered from producers' farms to such handlers' plant located within 20 miles of the City Hall in Lowell or Lawrence, not less than the price per hundredweight determined for each delivery period pursuant to this paragraph. In determining the Class I price for each delivery period the latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations, except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest reported figures available on the next succeeding work day shall be used.

(1) Divided by 0.98 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the year 1926 as the base period.

(2) Divide by 3 the sum of the three latest monthly indexes of department store sales in the Boston Federal Reserve District adjusted for seasonal variations, as reported by the Federal Reserve System, with the years 1935-39 as the base period, and divide the result so obtained by 1.26.

(3) Compute an index of grain-labor costs in the Boston milkshed in the following manner:

(i) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed, as reported by the United States Department of Agriculture, divide by 0.5044, and multiply by 0.6.

(ii) Compute the weighted average of the monthly composite farm wage rates for the latest available month for Maine, Massachusetts, New Hampshire, and Vermont, as reported by the United States Department of Agriculture; divide by 0.5952, and multiply by 0.4. In comput-

ing the weighted average, weight the respective rates as follows: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont 77.

(iii) Add the results determined pursuant to subdivisions (i) and (ii) of this subparagraph.

(4) Divide by 3 the sum of the final results computed pursuant to the preceding subparagraphs of this paragraph. Express the result as a whole number by dropping fractions of less than one-half or by raising fractions of one-half or more to the next whole number. The result shall be known as the formula index.

(5) Subject to the succeeding subparagraphs of this paragraph, the Class I price per hundredweight shall be as shown in the following table.

CLASS I PRICE SCHEDULE

If the formula index is more than 194 the price shall be increased at the same rate as would result from further extension of this table at the rate of extension in the six highest index brackets.

(6) For any delivery period after December 1948, the Class I price shall be 44 cents more than the price prescribed in subparagraph (5) of this paragraph if, under the provisions of the Boston order, less than 33 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding month was Class II milk, except that if the operation of this subparagraph would cause the Class I price to be more than 88 cents above the Class I price for the same month of the preceding year, its application shall be limited to only such portion of the 44-cent increase as will result in a Class I price equal to the Class I price for the same month of the preceding year plus 88 cents.

(7) For any delivery period after December 1948, the Class I price shall be 44 cents less than the price prescribed in subparagraph (5) of this paragraph if, under the provisions of the Boston order, more than 41 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding month was Class II milk, except that if the operation of this subparagraph would cause the Class I price to be more than 88 cents below the Class I price for the same month of the preceding year, its applica-

tion shall be limited to only such portion of the 44-cent reduction as will result in a Class I price equal to the Class I price for the same month of the preceding year minus 88 cents.

(8) Notwithstanding the provisions of the preceding subparagraphs of this paragraph, the Class I price for any of the months of March through June of each year shall not be higher than the Class I price for the immediately preceding month, and the Class I price for any of the months of September through December of each year shall not be lower than the Class I price for the immediately preceding month.

(9) The Class I price determined under the preceding subparagraphs of this paragraph shall be increased or decreased to the extent of any increase or decrease effective after September 1947 in the rail tariff for the transportation of milk in carlots in tank cars for mileage distances of 201-210 miles inclusive, as published in the New England Joint Tariff, M-5, and supplements thereto. The adjustment shall be made to the nearest one-half cent per hundredweight, and shall be effective in the first complete delivery period in which such increase or decrease in the rail tariff applies.

(b) **Class I prices; other plants.** Each handler shall pay producers, at the time and in the manner set forth in § 934.10, for Class I milk delivered from producers' farms to such handler's plant located beyond 20 miles of the City Halls in Lowell and Lawrence, not less than the applicable price per hundredweight determined pursuant to this paragraph.

(1) For milk delivered from producers' farms to such handler's plant located beyond 20 miles of the City Halls in Lowell and Lawrence, but within 40 miles of the City Hall in Lowell or Lawrence, the price per hundredweight during each delivery period shall be the price effective pursuant to paragraph (a) of this section, less 17 cents per hundredweight.

(2) For milk delivered from producers' farms to such handler's plant not located within 40 miles of the City Hall in Lowell or Lawrence the price per hundredweight during each delivery period shall be the price effective pursuant to paragraph (a) of this section, less an amount per hundredweight equal to the sum of 13 cents and the average of the freight rates (considering 85 pounds to one 40-quart can) from the railroad shipping point for such handler's plant to Lowell and to Lawrence, calculated according to the lowest applicable rail tariffs for the transportation in carload lots of milk in 40-quart cans.

(c) **Allocation of Class I milk to plants.** For the purpose of this section, the milk which was disposed of during each delivery period by each handler as Class I milk from a handler's receiving plant located within 20 miles of the City Hall in Lowell or Lawrence shall be considered to have been first, that milk which was received directly from producers' farms at such plant, and then that milk including skim milk and buttermilk which was shipped from the nearest receiving plant not located within 20 miles of the City Hall in Lowell or Lawrence.

4. In § 934.6, add a new paragraph as follows:

(g) *Announcement of Class I price.* The market administrator shall publicly announce the Class I price for each delivery period, as computed under paragraph (a) of this section, on the 25th day of the preceding month, except that if such 25th day is a Sunday or legal holiday, he shall announce the Class I price on the next succeeding work day.

5. In § 934.9 (a) (2) delete the words "§ 934.6 (a) and § 934.6 (b) " and substitute therefor the words "paragraphs (a) (b), (c) and (d) of § 934.6"

#### PART 947—MILK IN THE FALL RIVER, MASS., MARKETING AREA

##### AMENDMENT OF ORDER REGULATING HANDLING OF MILK

§ 947.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933) as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 11 F. R. 7737, 12 F. R. 1159, 4904) public hearings were held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearings and the record thereof, it is found that:

(1) The said order as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

(b) *Additional findings.* It is necessary, in the public interest, to make this amendment effective by not later than April 1, 1948. Any delay beyond April 1, 1948 in the effective date of this amendment will seriously threaten the orderly marketing of milk in the Fall River, Massachusetts, marketing area for April and succeeding months. The nature and provisions of the amendment are well known to the handlers in the market, since the hearing was held in October 1947, the recommended decision was published in the FEDERAL REGISTER on March 2, 1948, and the final decision was executed by the Secretary on March 18, 1948 (13 F. R. 1530) which final decision sets forth the need for the amendment. Compliance with the amendatory order will not require any preparation on the part of handlers which cannot be completed by April 1, 1948. It is hereby found and determined, in view of these facts and circumstances, that good cause exists for making this amendment effective April 1, 1948; and that it would be contrary to the public interest to delay the effective date of the amendment to a date later than April 1, 1948.

(c) *Determinations.* It is hereby determined that handlers (excluding co-operative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended and as hereby further amended) of more than 50 percent of the volume of milk covered by this order, as amended and as hereby further amended, which is marketed within the Fall River, Massachusetts, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order further amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (January

1948) were engaged in the production of milk for sale in the said marketing area.

*Order relative to handling.* It is therefore ordered that on and after the effective date hereof, the handling of milk in the Fall River, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. In § 947.1 add a new paragraph to read as follows:

(q) "Boston order" means the Federal order regulating the handling of milk in the Greater Boston, Massachusetts, marketing area.

2. Delete § 947.6 (a) and substitute the following:

(a) *Class I prices.* Each handler shall pay producers or cooperative associations for their milk containing 3.7 percent butterfat, during each delivery period, in the manner set forth in § 947.8 and subject to the differentials set forth in paragraph (c) of this section, for Class I milk delivered by them, not less than the price per hundredweight determined for each delivery period pursuant to this paragraph. In determining the Class I price for each delivery period, the latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations; except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest reported figures available on the work day next succeeding shall be used:

(1) Divide by 0.98 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the year 1926 as the base period.

(2) Divide by 3 the sum of the three latest monthly indexes of department store sales in the Boston Federal Reserve District adjusted for seasonal variation as reported by the Federal Reserve System with the years 1935-39 as the base period and divide the result so obtained by 1.26.

(3) Compute an index of grain-labor costs in the Boston milkshed in the following manner:

(i) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed, as reported by the United States Department of Agriculture, divide by 0.5044 and multiply by 0.6.

(ii) Compute the weighted average of the monthly composite farm wage rates for the latest available month for Maine, Massachusetts, New Hampshire, and Vermont, as reported by the United States Department of Agriculture, divide by 0.5952, and multiply by 0.4. In computing the weighted average, weight the respective rates as follows: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont, 77.

(iii) Add the results determined pursuant to subdivisions (i) and (ii) of this subparagraph.

(4) Divide by 3 the sum of the final results computed pursuant to the preced-

ing subparagraphs of this paragraph. Express the result as a whole number by dropping fractions of less than one-half or by raising fractions of one-half or more to the next whole number. The result shall be known as the formula index.

(5) Subject to the succeeding subparagraphs of this paragraph, the Class I price per hundredweight shall be as shown in the following table:

CLASS I PRICE SCHEDULE

Formula index	Class I price per hundredweight		
	Jan.-Feb.- Mar.-July- Aug.- Sept.	Apr.- May- June	Oct.- Nov.- Dec.

181-187	6.62	6.18	7.06
188-194	6.84	6.40	7.28

If the formula index is more than 194 the price shall be increased at the same rate as would result from further extension of this table at the rate of extension in the six highest brackets.

(6) For any delivery period after December 1948, the Class I price shall be 44 cents more than the price prescribed in subparagraph (5) of this paragraph if, under the provisions of the Boston order, less than 33 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding calendar month was Class II milk, except that if the operation of this subparagraph would cause the Class I price to be more than 88 cents above the Class I price for the corresponding delivery period of the preceding year, its application shall be limited to only such portion of the 44-cent increase as will result in a Class I price equal to the Class I price for the corresponding delivery period of the preceding year plus 88 cents.

(7) For any delivery period after December 1948, the Class I price shall be 44 cents less than the price prescribed in subparagraph (5) of this paragraph if, under the provisions of the Boston order, more than 41 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding calendar month was Class II milk, except that if the operation of this subparagraph would cause the Class I price to be more than 88 cents below the Class I price for the corresponding delivery period of the preceding year, its application shall be limited to only such portion of the 44-cent reduction as will result in a Class I price equal to the Class I price for the corresponding delivery period of the preceding year minus 88 cents.

(8) Notwithstanding the provisions of the preceding subparagraphs of this paragraph, the Class I price for any of the months of March through June of each year shall not be higher than the Class I price for the immediately preceding delivery period, and the Class I price for any of the months of September through December of each year shall not be lower than the Class I price for the immediately preceding delivery period.

(9) The Class I price determined under the preceding subparagraphs of this paragraph shall be increased or decreased to the extent of any increase or decrease effective after September 1947 in the rail tariff for the transportation of milk in carlots in tank cars for mileage distances of 201-210 miles inclusive, as published in the New England Joint Tariff, M-5, and supplements thereto. The adjustment shall be made to the nearest one-half cent per hundredweight, and shall be effective in the first complete delivery period in which such increase or decrease in the rail tariff applies.

(10) For milk delivered to a handler from producers' farms at a plant located more than 100 miles from the City Hall in Fall River, there shall be deducted the sum of 13 cents plus an amount per hundredweight equal to the lowest rail tariff, for the transportation in carlots of milk in 40-quart cans, as published in the New England Joint Tariff, M-5 (including revisions and supplements thereto) for the distance from the railroad shipping point for such plant to the handler's railroad delivery point for the marketing area.

3. In § 947.6 add a new paragraph as follows:

(e) *Announcement of Class I price.* The market administrator shall announce the Class I price for each delivery period, as computed under paragraphs (a) (1) through (a) (9) of this section, on the 25th day of the preceding month, except that if such 25th day is a Sunday or legal holiday, he shall announce the Class I price on the next succeeding work day.

CROSS REFERENCE: For revision of Proclamation noted in § 201.41, enumerating arms, ammunition, and implements of war, see Proclamation 2776 appearing on page 1623 of the issue for Saturday, March 27, 1948.

**TITLE 32—NATIONAL DEFENSE****Chapter VIII—Office of International Trade, Department of Commerce****Subchapter B—Export Control****PART 800—ORDERS AND DELEGATIONS OF AUTHORITY****ORDER ESTABLISHING COMMODITY ADVISORY PANELS AND COMMODITY ADVISORY COMMITTEES**

1. *Purpose.* The purpose of this order is to establish a procedure whereby the export trade may consult with and give information and advice to the Office of International Trade of the Department of Commerce concerning export licensing policies and procedures under section 6 of the act of July 2, 1940, 54 Stat. 714, as amended.

2. *Organization of commodity advisory panels and committees.* It is intended, for convenient operation and size, to provide representation of the export trade by commodities. Wherever practicable, segments of the export trade handling different commodities (or groups of commodities) will be represented by separate panels. To handle specific matters, committees will be organized from among the members of the commodity panel. The panels and committees are selected by the Office of International Trade.

As the purpose of such commodity advisory panels and commodity advisory committees thereof is to give advice to the Office of International Trade affecting segments of the export trade, the members of the panels and committees will be selected in an effort to obtain advice which will represent the viewpoint of all parts of the export trade involved. The panels will be formed of the minimum number of persons necessary to represent a fair cross-section of the export trade in the commodity (or groups of commodities) from the standpoints of (1) large, medium, and small companies, (2) geographical distribution, (3) trade association membership, and (4) segments of the export trade involved, e. g., by levels of the export trade (such as manufacturers, suppliers of exporters, and various types of distributors, including independent or merchant exporters) by degree of integration (such as manufacturing exporters) by types of commodities, etc. The foregoing standards will be also adhered to in the formation of the committees.

In forming commodity advisory panels and committees the Office of Interna-

tional Trade will be governed by the principles of Senate Concurrent Resolution 14 (80th Congress) and the President's memorandum to heads of executive departments and agencies of December 12, 1947 with respect to the representation of small business on government committees.<sup>1</sup>

Members of the panels and committees pay their own expenses and are entitled to no compensation for their services.

3. *Functions of the panels and committees.* The functions of a commodity advisory panel formed by the Office of International Trade under this order are to furnish information, to give advice and make recommendations through one or more commodity advisory committees to the Office of International Trade, at committee meetings, on export licensing policies and procedures affecting those parts of the export trade represented by the committee. Where deemed appropriate, in view of the nature of a specific licensing policy or procedure, the Office of International Trade will authorize the holding of full panel meetings.

No other activities by these commodity advisory panels and committees or by their members are sponsored or authorized by the Department of Commerce or the Office of International Trade under this order. The panels and committees are not authorized to determine policies for the export trade nor are they authorized to compel or coerce any person to comply with any request or order or regulation made by the Department of Commerce or Office of International Trade.

4. *Meetings of the panels and committees.* Commodity advisory panel meetings and commodity advisory committee meetings will be called by the Office of International Trade in connection with the promulgation of export licensing policies or procedures affecting the parts of the export trade represented by the panel or committee, as the case may be, except where the necessary timing or other public exigency does not permit such prior consultation. The agenda of the meeting will be prepared by the Office of International Trade. Representatives of interested agencies of the Government will be invited by the Office of International Trade. A representative of the Office of International Trade will preside at every panel meeting and every committee meeting. The Office of International Trade will keep minutes of each meeting and where practicable will make summaries available to members of the commodity advisory panel, the committee, the export trade and the press.

## TITLE 33—NAVIGATION AND NAVIGABLE WATERS

### Chapter III—Coast Guard: Inspection and Navigation

[CGFR 48-15]

#### PART 302—BOUNDARY LINES OF INLAND WATERS

##### BOUNDARY LINES FOR SAN PEDRO BAY AND SAN DIEGO HARBOR

The regulations establishing the boundary lines separating inland waters from the high seas were revised and republished in the FEDERAL REGISTER December 19, 1947, 12 F. R. 8818. The names or characteristics of certain aids to navigation used to describe the lines for San Pedro Bay and San Diego Harbor have been changed. In San Pedro Bay the "Anaheim Bay East Jetty Light 4" is now known as "Net Depot East Jetty Light 4" and the two new breakwaters are called, respectively, Middle Breakwater

and the Long Beach Breakwater. The eastern end of the Long Beach Breakwater is submerged, but construction work is now in progress to build up that section similar to the rest of the breakwater. As the work progresses on the breakwater the old wording of the regulation would cause the boundary line to be constantly changed. In San Diego Harbor the "Outside Bar Lighted Bell Buoy ISD" is not known as "San Diego Channel Lighted Bell Buoy 5."

By virtue of the authority vested in me by section 2 of the act of February 19, 1895, as amended, 28 Stat. 672, 33 U. S. C. 151, and section 101 of Reorganization Plan No. 3 of 1946, 11 F. R. 7875, the following editorial amendments to the regulations are prescribed and shall become effective on the date of publication of this document in the FEDERAL REGISTER:

1. Section 302.135 (12 F. R. 8460) is amended to read as follows:

§ 302.135 *San Pedro Bay*. A line drawn from Los Angeles Harbor Lighthouse through the axis of the Middle Breakwater to the easternmost extremity of the Long Beach Breakwater; thence to Net Depot East Jetty Light 4 at Anaheim Bay. (Sec. 2, 28 Stat. 672, 33 U. S. C. 151, sec. 101, Reorg. Plan No. 3 of 1946, 11 F. R. 7875)

2. Section 302.140 (12 F. R. 8460) is amended to read as follows:

§ 302.140 *San Diego Harbor*. A line drawn from the southerly tower of the Coronado Hotel to San Diego Channel Lighted Bell Buoy 5; thence to Point Loma Lighthouse. (Sec. 2, 26 Stat. 672, 33 U. S. C. 151, sec. 101, Reorg. Plan No. 3 of 1946, 11 F. R. 7875)

Dated: March 23, 1948.

Admiral, U. S. Coast Guard,  
Commandant.

## ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

The Ohio Power Company ("Ohio"), an electric utility subsidiary of American Gas and Electric Company, a registered holding company, having filed an application-declaration, and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) 10 (a) and 12 (c) thereof, and Rules U-42 and U-50 thereunder, with respect to the following transactions:

Ohio proposes to issue and sell \$40,000,000 aggregate principal amount of its First Mortgage Bonds, --- % Series, due 1978 ("1978 Bonds") Said bonds will be sold pursuant to the competitive bidding requirements of Rule U-50. and shall not exceed  $102\frac{1}{4}$  %, will be determined by competitive bidding.

Ohio also proposes to issue and sell 7,048 shares of its common stock, without par value (being the balance of its authorized and unissued shares of said common stock), to American Gas for a cash consideration of \$7,000,000.

The application-declaration states that the proceeds from the sales of the securities proposed to be issued and sold will be applied to the following: (1) Payment of \$9,500,000 aggregate principal amount of notes payable to banks due December 31, 1950, without premium; (2) A cash deposit of \$1,067,000 for the redemption of \$970,000 aggregate principal amount of Gold Debenture Bonds, 6% Series, due 2024, on June 1, 1949, at 110% of their principal amount, with privilege to the holders of immediate payment; (3) Deposit with the corporate trustee under the mortgage securing Ohio's First Mortgage Bonds of \$31,000,000 in cash to be withdrawn by Ohio in accordance with the terms of said mortgage. It is further stated that the estimated net proceeds from the sale of the securities proposed to be issued plus cash accumulated through the provision for depreciation and retention of earnings during the period 1948 through 1951, are expected to be sufficient to finance the construction program of the company through the period stated.

The bonds proposed to be issued will be secured by an Indenture, dated as of April 1, 1948, supplemental to the Mortgage and Deed of Trust between Ohio and Central Hanover Bank & Trust Company and Frank Wolfe, as Trustees, dated as of October 1, 1938. Further, the mortgage provides for a replacement fund whereby the company is required to expend each year 15% of the base operating revenues during each year for maintenance of the mortgaged property and for property substituted for property retired since December 31, 1940.

The Supplemental Indenture also provides that so long as any of the 1978 Series bonds are outstanding, the company may not declare or pay any cash dividends on its common stock, or acquire any shares of common stock for value, unless after such dividend declaration, payment, distribution or acquisition,
